## CONTACTO

A mobile application mockup for a contact form. The app is displayed on a grey smartphone frame. The status bar at the top shows signal strength, Wi-Fi, the time 3:03 PM, and 100% battery. The app's interface has a yellow header bar with a 'Menu' button and the title 'Contacto'. Below the header, the title 'Contacto' is centered. The form consists of three input fields: two single-line text boxes and one larger multi-line text box with a small edit icon in the bottom right corner. Below the text boxes are two yellow buttons labeled 'Enviar' and 'Borrar'. At the bottom of the screen, a yellow footer bar contains a blue circular profile icon and the text 'Todos los derechos reservados'.
